### **Large order for Vestas in Australia**

Vestas Wind Systems A/S has received an order for the Alinta Wind Farm project in Western Australia.

The contract is a turnkey contract and comprises supply of 54 NM82-1.65 MW wind turbines.

The wind farm, which has a total capacity of approximately 90 MW, is scheduled for completion in mid-November 2005 and is located 32 km southeast of Geraldton in Western Australia.

The contract has a value to Vestas of approximately mEUR 95, and has been awarded by Walkaway Wind Power Pty Ltd (a joint venture between Renewable Power Ventures, Babcock & Brown, National Power and Carbon Solutions).

'We look forward to delivering the project, which will be the largest of its kind in Western Australia', says Svend Sigaard, President and CEO of Vestas Wind Systems A/S and continues: 'We are pleased to be awarded another large project in Australia, which clearly demonstrates Vestas' strong position in the market'.

The above order does not affect the Vestas Group's expectations for 2004, cf. Stock exchange announcement No. 33/2004 of 18 August 2004.

Any questions may be addressed to the Executive Management at Vestas Wind Systems A/S, telephone +45 9730 0000.

Yours sincerely
