### **Vestas receives order for 12 units of the V90-2.0 MW wind turbine for Italy**

Vestas Italia has received an order for 12 units of the V90-2.0 MW wind turbine for the Faeto project, located near Foggia, in the region of Apulia, in Southern Italy. The contract includes delivery, installation, commissioning and the VestasOnline™ Business SCADA system, as well as a service & availability agreement for 5 years.

The customer is Eos4 Faeto S.r.l., a company belonging to the Enertad Group, which is an Italian holding company operating within the renewable energy business and already at its second contract with Vestas.

*“We are very satisfied with this new order in the Apulia region, which confirms the positive trend of wind power development in that area. By the end of December 2006, Vestas had installed 267 MW out of the 468 MW installed in total in the Apulia region”* says Rainer Karan, General Manager of Vestas Italia. *“At the same time, we are very pleased to reaffirm our working relationship with this customer,”* concludes Rainer Karan.

Delivery is scheduled to start in December 2007, and the project will be completed during the first quarter of 2008.

With an estimated power production of 50,000 MWh per year, the new wind power installation will be able to satisfy the energy needs of more than 24,000 local households, and save the environment from more than 31,000 tons of CO<sub>2</sub>.

### **Vestas Italia**

Vestas has been operating in the Italian market since 1998. Located in Taranto, in the southern part of Italy, Vestas Italia is the Italian company of Vestas, responsible for sales, installation, service and maintenance of wind power plants for the markets of Italy and the Eastern Mediterranean countries.

Vestas' production facilities for the turbine model V52-850 kW are also located in Taranto.

Vestas Italia has been awarded ISO 9001, ISO 14001 and OHSAS 18001 certifications and is constantly striving for high quality standard to be respected and applied in every field of the supply chain.
