Rumours in the market regarding order in Sweden

Today, there are rumours in the market regarding Vestas being selected as preferred supplier for a 200 MW project in Sweden.

Vestas can confirm that negotiations between the Swedish company Arise Windpower and Vestas are ongoing, but Vestas has not yet received a firm and unconditional order for the project. If the negotiations between the customer and Vestas will result in a firm and unconditional order, Vestas will make a company announcement immediately thereafter.

Vestas discloses this announcement based on Vestas' obligation as a Danish listed company.
