Vestas receives 99 MW order in Finland

Vestas has received a firm and unconditional order for two V126-3.3 MW projects in Finland with a total capacity of 99 MW.

Additional information about the projects:

Customer:	TuuliWatti Oy
Project names:	Kalajoki and Siikainen
Location/Country:	Kalajoki and Siikainen, Finland
Number of MW:	99 MW
Number of turbines/turbine type:	30 x V126-3.3 MW turbines
Contract type:	Supply-and-installation
Contract scope:	The order comprises delivery of the wind turbines together with a five-year AOM 5000 service agreement with an option for extension of up to ten years.
Time of delivery:	Installation of the Kalajoki project will begin in the fourth quarter of 2014 with commissioning expected in the third quarter of 2015. Installation of the Siikainen project will begin in the third quarter of 2014 with commissioning expected in the first quarter of 2015.

Total year-to-date announced order intake in MW: 193 MW, (see overview at vestas.com/investor).
