

Remuneration Report 2019

VestasWindSystemsA/S
CompanyReg.No.10403782

Preface

This remuneration report ("Remuneration Report") provides the overview of the total remuneration received by the Board of Directors (the "Board") and the Executive Management of Vestas Wind Systems A/S, CVR No. 10403782 ("the Company"), during the financial year 2019 with comparative figures for the past five years. Executive Management refers in this Remuneration Report only to members of the Executive Management of the Company registered as such with the Danish Business Authority. This is currently the Group President & CEO and Executive Vice President & CFO.

The remuneration of the Board and Executive Management during the past financial year has been provided in accordance with the Remuneration Policy of the Company adopted by the Annual General Meeting on 30 March 2016 ("Remuneration Policy") which is available at Vestas' website. The Remuneration Policy was adopted prior to the amendment of sections 139-139b and 147(2) of the Danish Companies Act. Accordingly, this Remuneration Report concerning the financial year 2019 does not fully meet all requirements set out in the Danish Companies Act as the obligation to prepare the Remuneration Report in accordance with the Danish Companies Act will not be effective until the financial year 2020 and forth.

The overall objective of the Company's Remuneration Policy is to attract, motivate, and retain qualified members of the Board and the Executive Management, to align the interests of the Board and the Executive Management with the interests of the Company's shareholders and stakeholders as well as to support Vestas'¹ strategic goals and promote value creation aligned to the interest of the shareholders. Vestas' vision of being the global leader in sustainable energy solutions requires Vestas to sustain a talented, agile and cost-effective organisation. This combined with the long-term performance of the company and the corporate values – Simplicity, Collaboration, Accountability, and Passion – guides the overall principles for and the individual elements of remuneration for both the Board and the Executive Management. To ensure that Vestas' remuneration promotes both strategic goals as well as long-term value creation and sustainability, the remuneration includes both fixed remuneration, short-term incentives, and long-term incentives.

Remuneration of the Executive Management is related to the result of Vestas' financial and sustainable performance through incentives. Vestas' financial health and performance is directly linked to its abilities to invest in research and development, thereby paving the way for even better solutions to provide the world with sustainable energy.

The information included in the Remuneration Report has been derived from the audited annual reports of Vestas for the financial years 2015-2019 available at Vestas' website. All amounts are included in EUR, gross.

¹ "Vestas" is the entity covering the two business areas Power solutions and Service. The entity includes all subsidiaries over which Vestas has control.

1 Introduction

1.1 Result for the year and 2020 outlook

For full year 2019, Vestas' revenue amounted to EUR 12.1bn, the EBIT margin before special items was 8.3 percent, and total investments² were EUR 729m, all in line with the expectations. Compared to 2018, revenue and earnings increased while free cash flow decreased. Order intake increased in 2019 compared to 2018, and the value of the combined order backlog increased to EUR 34bn.

The wind turbine order intake increased year-on-year by 3,663 MW to 17,877 MW in 2019 and the value of the service order backlog increased by EUR 3.5bn to EUR 17.8bn.

As a result of the performance during the year, the Board of Directors of Vestas Wind Systems A/S proposes to the Annual General Meeting that a dividend of DKK 7.93 per share be distributed to the shareholders, compared to DKK 7.44 last year, and equivalent to 30.0 percent of the net profit for the year.

1.2 Remuneration of the Board and the Executive Management

The remuneration of the Board is in compliance with the Remuneration Policy stating that the Board only receives a fixed/basic annual fee, and that the Board does not receive any incentive or share-based remuneration.

The remuneration of the Executive Management is in compliance with the Remuneration Policy, and the earning of cash bonus and the vesting of performance shares have been factually based on the realisation of the agreed financial and commercial targets (KPIs).

The remuneration of the Board and the Executive Management is designed to support the strategic goals of Vestas and to promote value creation aligned to the interest of Vestas' shareholders.

² Excl. the acquisition of SoWiTec Group GmbH, any investments in marketable securities, and short-term financial investments.

2 Board of Directors

2.1 Fixed remuneration

The Board and the Nomination & Compensation Committee consider the remuneration of the Board and its committees as matching the remuneration levels in comparable companies, considering, among others, the board members' required competencies, efforts, and the scope of the board work, including the number of meetings. Members of the Board receive a fixed basic annual fee (basic board remuneration) approved by the Annual General Meeting. The chairman receives triple basic board remuneration, and the deputy chair receives double basic board remuneration for their extended board duties. Board members who are also members of one of the board committees are paid an annual committee remuneration. The remuneration is determined as a base fee, and the committee chairman receives an additional remuneration of 80 percent of the committee base fee. Members of the Board are not eligible for performance shares, any other variable remuneration or pension contribution.

Fees approved at the Annual General Meeting for the financial year 2019

	Board	Audit Committee	Nomination & Compensation Committee	Technology & Manufacturing Committee
Member	56,971 (base fee)	33,512	33,512	33,512
Chairman	170,912 (3 x base fee)	60,322	60,322	60,322
Deputy Chairman	113,941 (2 x base fee)	-	-	-

Individual board members may take on specific ad hoc tasks outside the scope of duties assigned by the Board and may be entitled to additional fees for such tasks on the conditions set out in the Remuneration Policy. For the financial year 2019, none of the board members have received additional remuneration for carrying out ad hoc duties assigned by the Board. Additional compensation may be offered for board members taking up board responsibilities on behalf of Vestas in joint ventures and/or Vestas' subsidiaries. Vestas may pay social security taxes and similar taxes imposed on board members by non-Danish authorities in relation to the remuneration. In 2019, Vestas has covered the social security taxes for the non-Danish members.

¹ Holding position covers both individually owned shares and shares held by closely related parties.

For the financial year 2019, Vestas has paid for a directors and officers' liability insurance covering the Board.

3 Remuneration for the Executive Management

The Executive Management is entitled to an annual remuneration in accordance with the Remuneration Policy, which may consist of the following fixed and variable remuneration components:

- Fixed remuneration (annual fixed base salary)
- Ancillary benefits
- Cash bonus (short-term incentives)
- Performance shares (long-term incentives)
- Other forms of special remuneration provided for in the Remuneration Policy

These remuneration elements create a well-balanced package reflecting (i) individual performance and responsibility of the Executive Management in relation to established goals and targets, both in the short and the long term, and (ii) Vestas' overall performance.

The Executive Management's short- and long-term incentive programmes are linked directly to the financial targets in Vestas' strategy. The composition of the remuneration of each executive is determined with a view to contributing to the Company's ability to attract, motivate, and retain competent key employees, while at the same time ensuring that the Executive Management has an incentive to create added value aligned to the interest of the Company's shareholders through variable remuneration.

The Executive Management's terms of employment and remuneration are agreed between the individual executive and the Board. The Executive Management does not receive additional remuneration for directorships (whether executive positions or board memberships) in joint ventures and/or Vestas' subsidiaries.

The below table shows the actual remuneration for 2019

¹ The awarded shares in the 2019 programme and the number of shares will be adjusted based on performance on the selected KPIs in 2019, 2020, and 2021.

² Henrik Andersen was appointed Group President & CEO as per 1 August 2019; the Cash bonus and the awarded Share program is to be considered a sign-on bonus

³ Value of the share program is set at the closing share price on the day before the disclosure of the company announcement in May 2019 – share price EUR 76.41.

⁴ Numbers displayed in Vestas annual report on the full remuneration for Executive Management differs on the share program. For the purpose of showing annual remuneration in this remuneration report, the full value of the share allotment for 2019 is displayed – for Vestas Annual Report, the value of the share program is accounted for according to IFRS 2.

⁵ Remuneration to the registered directors incl. IFRS 2 in the annual report amounts to 11,823,271 EUR. Reconciling amount between 11,823,271 EUR and 4,261,298 EUR of 7,561,973 EUR relates to changes in the composition of the Executive Management group in 2019.

Henrik Andersen joined as Vestas CEO 1 August 2019. When joining Vestas he was offered full participation in both bonus and share incentives for the financial year 2019 as compensation for him waiving long-term incentives as well as other compensation entitlements from his previous employer. The strategic importance for Vestas to ensure the right candidate and successor in the role as CEO at the short notice calls for the Board of Directors allowing exceptions to the standard pro rata approach to the bonus and share incentive programmes, as outlined in the Remuneration Policy. The Board of Directors find the offered compensation through full participation in bonus and share incentives more preferable for Vestas than a standard cash compensation, since the bonus and share incentives are both subject to adjustments based on Vestas performance and the share incentives ensures a long-term commitment and retention with three to five years before vesting of shares.

The intend and purpose of the below table is to show the relative value of each element in the compensation/remuneration package, based on actual bonus for 2019. To fulfil this purpose Henrik Andersen's base salary has been annualised.

Relative Remuneration Composition of current Executive Management

3.1 Annual base salary

The annual base salary is intended to attract and retain competent key members of the Executive Management, enabling Vestas to obtain its short- and long-term goals.

3.2 Pension scheme

Members of the Executive Management are not covered by Vestas' employer-administered pension plan or a defined benefit pension scheme.

3.3 Cash bonus

Members of the Executive Management participate in an annual cash incentive based on the results of the financial year. The bonus is intended to ensure the attainment of Vestas' short-term objectives, and the payment is dependent on the adoption of the annual report of the relevant financial year.

The bonus pay-out level is defined by a weighted target achievement and is capped at 75 percent of the annual base salary with the target pay-out level at 50 percent of the annual base salary.

The bonus is based on target achievement on a number of parameters approved by the Board including financial and commercial KPIs such as EBIT margin, free cash flow, revenue, as well as any other approved KPIs aligned to the strategic priorities of the financial year. Failure to meet the EBIT margin at the defined minimum acceptable performance level may result in the annulment of the bonus for the financial year.

For the financial year 2019, a total cash bonus payment of EUR 1,545,124 will be made to the current Executive Management, corresponding to 58.2 percent of the annual base salary. The bonus for CEO and CFO has a target 50 percent. The actual performance of the CEO bonus is 59.2 percent of base salary and the actual performance of the CFO bonus is 56.7 percent of base salary.

3.4 Performance shares

The Executive Management is eligible for participation in a performance share incentive programme. The objective of the performance share incentives is to retain members of the Executive Management, to create long-term shareholder value, and ensure achievement of Vestas' long-term strategic goals in a sustainable way.

The programme contains elements of both short- and long-term performance. The main terms of the programme are disclosed in the company announcement in connection with the Board's approval of the programme. Vesting of shares under the programme is contingent on continued employment at the time of vesting, subject to certain good leaver provisions.

3.5 2019 performance share awards

For 2019, the Executive Management was rewarded performance shares contingent on future achievement of certain targets. The KPIs are based on financial targets including earnings per share, return on capital employed, and Vestas market share. All KPIs and targets are defined by the Nomination & Compensation Committee and approved by the Board. The target number of shares for the CEO is 30,000 shares and for the CFO 12,500 shares, and the actual number of performance shares available for distribution ranges between 0 and 150 per cent of the target level. At the day of announcement the value of the target number of shares corresponds to 142.5 percent of the CEO annualised base salary, and 104.2 percent of the CFO annual base salary.

The programme is based on the three performance years 2019, 2020, and 2021. The actual number of performance shares is dependent on the performance in the three performance years, and will be adjusted upwards or downwards, based on Vestas' performance on the selected KPIs. The overall performance measurement is decided by the Board and evaluated annually to reflect the current strategic priorities and the long-term value creation.

The Nomination & Compensation Committee will evaluate the selected KPIs annually and may redefine or adjust these for any individual performance year, subject to approval by the Board.

The performance shares will vest in two portions

- the first half of the shares will vest in 2022, three years after the disclosure of the programme and
- the second half of the shares will vest in 2024, five years after the disclosure.

3.6 2019 performance share vestings

In 2019, the following performance share programmes have vested and resulted in pay-out to Executive Vice President & CFO Marika Fredriksson:

All members of Executive Management are subject to the guidance of holding Vestas shares at a value equal to or above the gross value of their annual fixed salary. The intention is for the Executive Management to obtain ownership of the shares through participation in Vestas' share incentive programmes. The members of Executive Management have five years to accumulate the required shareholdings, and the Nomination & Compensation Committee will assess the compliance with the obligation, as part of the preparation of the annual Remuneration Report. The Nomination & Compensation Committee can propose for the Board to allow for a short period of individual exception. Evaluation of the shareholdings and any individual exception follow the guidance set by the Nomination and Compensation Committee.

¹ Henrik Andersen was appointed Group President & CEO as per 1 August 2019 therefore the percent of base pay is calculated for an annualised base pay.

3.7 Extraordinary items, termination and severance payments

This section handles the extraordinary payments to the current Executive Management. For the financial year 2019 no extraordinary payments were made to the CFO. The appointment of Henrik Andersen as CEO resulted in the extraordinary payment mentioned in Section 3.

3.8 Ancillary benefits

Members of the Executive Management have received customary non-monetary employment benefits such as company car, insurance, newspaper, telephone, and internet access as approved by the Board.

3.9 Claw-back

The Company may within certain limitations decide to reclaim incentive remuneration in full or in part in cases where a cash bonus or other incentive remuneration has been provided to a member of the Executive Management on the basis of data or accounts which subsequently prove to have been misstated. In the financial year 2019, no incentive remuneration was reclaimed.

The remuneration components annual bonus and performance share programme influence the fluctuating remuneration development. The annual bonus has been slightly decreasing over the past five years, and in 2018 no bonus was paid out. The share price for the awarded shares in 2019 was higher than in 2018 and the bonus pay-out changed from no bonus pay-out for 2018 to a bonus pay-out slightly above target at index 112.7 for 2019.

The development of the average employee remuneration both for the Company and Vestas are generally following each other. The decrease in remuneration from 2017 to 2018 is seen because Vestas did not pay out bonus for 2018, and the increase from 2018 to 2019 is due bonus in 2019.

Development in board remuneration over the past five years needs the following elaboration, which is reflected in the table above:

Eva Merete Søfelde Berneke: April 2019 – elected as new member of the Board
August 2019 – elected as new member of the Nomination and Compensation Committee

Jens Hesselberg Lund: April 2018 – elected as new member of the Board

Disclaimer and cautionary statement

This document contains forward-looking statements concerning Vestas' financial condition, results of operations and business. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements. Forward-looking statements are statements of future expectations that are based on management's current expectations and assumptions and involve known and unknown risks and uncertainties that could cause actual results, performance, or events to differ materially from those expressed or implied in these statements.

Forward-looking statements include, among other things, statements concerning Vestas' potential exposure to market risks and statements expressing management's expectations, beliefs, estimates, forecasts, projections and assumptions. A number of factors that affect Vestas' future operations and could cause Vestas' results to differ materially from those expressed in the forward-looking statements included in this document, include (without limitation): (a) changes in demand for Vestas' products; (b) currency and interest rate fluctuations; (c) loss of market share and industry competition; (d) environmental and physical risks, including adverse weather conditions; (e) legislative, fiscal, and regulatory developments, including changes in tax or accounting policies; (f) economic and financial market conditions in various countries and regions; (g) political risks, including the risks of expropriation and renegotiation of the terms of contracts with governmental entities, and delays or advancements in the approval of projects; (h) ability to enforce patents; (i) product development risks; (j) cost of commodities; (k) customer credit risks; (l) supply of components; and (m) customer created delays affecting product installation, grid connections and other revenue-recognition factors.

All forward-looking statements contained in this document are expressly qualified by the cautionary statements contained or referenced to in this statement. Undue reliance should not be placed on forward-looking statements. Additional factors that may affect future results are contained in Vestas' annual report for the year ended 31 December 2019 (available at www.vestas.com/investor) and these factors also should be considered. Each forward-looking statement speaks only as of the date of this document. Vestas does not undertake any obligation to publicly update or revise any forward-looking statement as a result of new information or future events other than as required by Danish law. In light of these risks, results could differ materially from those stated, implied or inferred from the forward-looking statements contained in this document.
