

News release from Vestas-American Wind Technology

Portland, 08 December 2016

Vestas secures order for 101 MW in the United States

Vestas has received a firm and unconditional order totaling 101 MW in the United States. The order includes V126-3.45 MW and V117-3.45 MW turbines with Power Optimized Mode to 3.6 MW and adds to Vestas' 3 MW-platform's growing presence in the U.S.

The order includes supply and commissioning of the wind turbines as well as a five-year Active Output Management 5000 (AOM5000) service agreement: Vestas' full-scope service package maximizing uptime and energy production.

Turbine delivery is expected in 2017.

Customer and project names have not been disclosed at the customer's request.
