

## News release from Vestas Asia Pacific and China

Beijing, 20 December 2016

### Vestas receives 24 MW order in South Korea

*The order was placed by GS Yeongyang Windpower Co. Ltd. and includes seven V112-3.45 MW turbines for the Yeong Yang Stage 2 Wind Farm project.*

Located in YoengYang County, the project is a supply and supervision contract and follows the successful 59.4 MW Yeong Yang (Stage 1) project supplied by Vestas, which achieved commercial operation in 2015. The order also includes a 10-year Active Output Management 4000 (AOM4000) service contract, in which Vestas guarantees a defined level of availability and performance as well as a SCADA VestasOnline Business system for data-driven monitoring and preventive maintenance.

*“We are very pleased to be working with Vestas again. We have now experienced first-hand the high quality equipment and service that Vestas provides and look forward to our continued co-operation on this next project”,* said Mr. Ki-Hwan Kim, Representative Director of GS Yeongyang Windpower.

*“Vestas is the leading wind turbine supplier in South Korea where our 3 MW platform’s versatility and proven performance make it well-suited to the market’s challenging wind conditions. The order strengthens our relationship with GS, and we thank them for their continued trust in Vestas”,* said Gerard Carew, Vestas Head of Sales & Business Development, Asia Pacific.

Installation and commissioning of the turbines is planned for the fourth quarter of 2017.
