

News release from Vestas Asia Pacific and China

Beijing, 30 December 2016

Vestas receives 50 MW order in China

Order is for the V110-2.0 MW turbine with Power Optimised Mode to 2.2 MW.

The 50 MW order employing the Power Optimised Mode for the V110-2.0 MW turbine demonstrates Vestas' technological flexibility to maximise turbine output based on site-specific factors.

Turbine delivery is expected to begin in the third quarter of 2017.

About Vestas

Vestas is the energy industry's global partner on wind power solutions. We design, manufacture, install, and service wind turbines across the globe, and with 78 GW of wind turbines in 75 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled 68 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 21,900 employees are bringing the world sustainable energy solutions to power a bright future.
