Vestas receives 40 MW order in India

Atria Brindavan Power Private Limited has placed a 40 MW order for the third and final phase of the 120 MW Basavane Bagewadi Wind Farm in the Bijapur district of Karnataka.

The order includes supply and installation of 18 V110-2.0 MW turbines delivered in 2.2 MW Power Optimised Mode, a 15-year full-scope Active Output Management 5000 (AOM 5000) service agreement as well as a VestasOnline® Business SCADA solution. Commissioning is expected to begin in the second quarter of 2018.

"Atria has placed three orders in under three months, which demonstrates how Vestas' reliable and competitive technology along with our customised service solutions offer a strong business case for our customers in this key market," said Clive Turton, President of Vestas Asia Pacific.

"This is our third consecutive order with Vestas, and we appreciate the Vestas team working closely with us from the earliest conceptual stage providing the solutions that create the value that will make this project successful. We are looking forward to our long-term collaboration to ensure optimal operational performance," states Sunder Raju, Director, Atria Power.

With this project, Vestas has received more than 520 MW of orders in India in 2017.
