

News release from Asia Pacific

Melbourne, 17 December 2019

Vestas secures 21 MW order from BayWa r.e. for two projects in Australia

Vestas has secured a 21 MW order with the leading global renewable energy developer, BayWa r.e. for the Diapur and Ferguson wind farms in the Western region of Victoria, Australia.

Diapur Wind Farm will feature two V150-4.2 MW turbines, while the Ferguson Wind Farm will comprise three V136-4.2 MW turbines.

In addition to the supply and installation of the turbines, the order also features a 25-year AOM 4000 service agreement which aims to maximise uptime and ensure optimised performance of the project.

Turbine delivery is scheduled to begin in the third quarter of 2020.

About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service wind turbines across the globe, and with more than 108 GW of wind turbines in 80 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled more than 91 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 25,000 employees are bringing the world sustainable energy solutions to power a bright future.

About BayWa r.e.

BayWa r.e. renewable energy GmbH (BayWa r.e.):

Across solar and wind, at BayWa r.e we r.e.-think energy – how it is produced, stored and best used.

We are a leading global developer, service supplier, distributor and energy solutions provider. We deliver renewable energy solutions worldwide, and have brought over 2.5 GW of energy online, while managing over 7 GW of assets. BayWa r.e is a leading supplier to the solar wholesale market. We also have a rapidly growing energy trading business. Part of the €16 billion BayWa Group, every day we are working hard to find new solutions, push technological boundaries and actively shape the future of energy.
