

## News release from Vestas Mediterranean

Madrid, 30 March 2020

### Vestas wins 109 MW order in France

Vestas has received a 109 MW order for a project in France that includes the supply and installation of 26 V150-4.2 MW wind turbines as well as an Active Output Management 5000 (AOM 5000) service agreement for a minimum period of 10 years.

Since the installation of its first turbine in France in 1991, Vestas has led the country's wind industry with over 5 GW capacity installed and over 2,200 wind turbines. These numbers place the company as the main contributor to the expansion of wind energy in France, with a 30 percent total market share.

Turbine delivery and commissioning are scheduled for 2021.

The project and customer are undisclosed.

#### About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service wind turbines across the globe, and with more than 113 GW of wind turbines in 81 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled 96 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 25,000 employees are bringing the world sustainable energy solutions to power a bright future.
