Madrid, 28 August 2020

Vestas wins 409 MW order in Brazil

Vestas has received a 409 MW order from the joint venture between Votorantim Energia and the Canadian fund CPP Investments for the projects Ventos do Piauí II and Ventos do Piauí III, in Serra do Inácio, in the state of Piauí, in Brazil.

The contract includes the supply and commissioning of V150-4.2 MW wind turbines, as well as a 20-year Active Output Management 5000 (AOM 5000) service agreements, designed to ensure optimised performance for the lifetime of the project.

Recently, Vestas announced it had surpassed 10 GW in firm order intake of V150-4.2 MW turbines globally and with this order Vestas has secured almost 3,5 GW of orders for the turbine variant in Brazil, underlining the V150-4.2 MW's excellent fit with the country's wind conditions.

Turbine delivery will begin in the second half of 2021 with commissioning scheduled for 2022.

About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service wind turbines across the globe, and with more than 117 GW of wind turbines in 81 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled 104 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 25,500 employees are bringing the world sustainable energy solutions to power a bright future.
