

News release from Vestas-American Wind Technology

Portland, 30 September 2020

Vestas wins 184 MW order in USA and secures 10 GW of order intake in 2020

Vestas has received a 184 MW order of V120-2.2 MW and V110-2.2 MW wind turbines in the USA, which takes Vestas' order intake in 2020 across the 10 GW mark before entering the fourth quarter.

The order includes supply and commissioning of the turbines as well as a multi-year service agreement. Turbine delivery is scheduled to begin the second quarter of 2021, with commissioning scheduled for the fourth quarter of 2021.

The customer and project are undisclosed per the customer's request.
