

News release from Vestas Mediterranean

Madrid, 8 December 2020

Vestas secures 39 MW order in Italy

Vestas has received a 39 MW order for an undisclosed project in Italy. The contract includes the supply and installation of eleven V136-3.45 MW wind turbines delivered in 3.5 MW Power Optimised Mode, as well as a 15-year Active Output Management 5000 (AOM 5000) service agreement.

Turbine delivery is expected for the second quarter of 2021, whilst commissioning is planned for the fourth quarter of the same year

Since installing its first turbine in Italy in 1991, Vestas has led the country's wind industry with over 4.3 GW of capacity installed, being the main contributor to the expansion of wind energy with a 40 percent market share.

About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service wind turbines across the globe, and with more than 122 GW of wind turbines in 82 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled more than 108 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 25,500 employees are bringing the world sustainable energy solutions to power a bright future.
